### Garage

### **DESCRIPTION OF MAJOR SERVICES**

Fleet Management's Garage Division provides fuel, maintenance, repair, fabrication, and emergency field services for the county's fleet of vehicles and heavy equipment. This includes the warehousing of automotive parts and related road materials to support fleet operations.

The Garage budget unit is an internal service fund (ISF). All operational costs of the Garage Division are financed through Board-approved rates. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year to be used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.
